

Co-Authorship Form

Email:

This form is to accompany the submission of any PhD that contains published or unpublished co-authored work. Please include one copy of this form for each co-authored work. Completed forms should be included in all copies of your thesis submitted for examination and library deposit (including digital deposit), following your thesis Acknowledgements. Co-authored works may be included in a thesis if the candidate has written all or the majority of the text and had their contribution confirmed by all co-authors as not less than 65%.

Please indicate the chapter/section/pages of this thesis that are extracted from a co-authored work and give the title and publication details or details of submission of the co-authored work.

Chapter 4 is based on work from “New constraints on the Bray conservation-of-momentum natal kick model from multiple distinct observations”, published in the Monthly Notices of the Royal Astronomical Society (MNRAS), here: [dx.doi.org/10.1093/mnras/stad977](https://doi.org/10.1093/mnras/stad977)
